EMAIL ADDRESSES - PLEASE

I put this at the top, hoping it will be the first thing you read. We advise all members to ensure they keep us up to date with their e-mail address changes. This is now more important than ever, as all newsletters and updates are emailed.

We are working on something great! A Canadian affiliation may be on the horizon.

It is no surprise that during our last owner survey there was a large number of members asking for Canadian inventory. Most of you know that I have spent the past decade living in one of the most beautiful parts of Canada. Canmore, Alberta, is a jewel in the Canadian Rockies and I am working with a local club for a potential affiliation.

From the world class golf courses to the pristine Nordic ski areas, Canmore has become the premier playground for outdoor enthusiasts. The cross-country, downhill skiing, back country snowmobiling and dog sledding attract visitors during the winter months while the breathtaking hiking and biking trails, rafting, canoeing, fishing and wildlife bring international visitors in the summer. If tackling the great outdoors is not your thing then you can enjoy endless spas, museums and

galleries. Or check out the 125 unique shops and choose from more than 75 restaurants and bars.

I have been working on reaching an agreement with Paradise Resort Club – a Canadian owned private members club located in Canmore, Alberta. With 2 Interval International properties in Canmore, they are the perfect fit for our club. Due to Paradise Resort Club's Premiere Designation, you will now be able to exchange with some of the top names in the resort industry.

With this affiliation you would have access to Grande Rockies Resort and Sunset Resorts Canmore in either a 1, 2 or 3 bedroom condo. Best of all, there are NO MAINTENANCE FEES, there is a "pay as you go" user fee paid only at the time of booking. If you don't go, you don't pay! You would also be able to exchange to top rated resorts such as Marriott, Westin, Sheraton just to name a few through Paradise's affiliation with Interval International thanks to the high demand of the Bow Valley. Perhaps the very best benefit to our members is that this will allow you to accelerate your weeks at your leisure. Use weeks from the end of your program today allowing you to take multi weeks or multi vacations, up to 10 weeks per year.

As usual I do not make decisions for the club without asking your opinion first. Please look for a survey with full details and a question and answer section early this September.

Dear Members,

It's been a nippy summer here in Canmore with lots of rain and not enough sun. I hope you've had a warmer summer at home. If not, I'm sure you're looking forward to some sunshine just like me. Many of you have already booked your suites at Portofino this winter, if not let's get planning. This year WestJet is offering daily flights from Calgary starting October 23 for as low as \$255. To avoid long waiting times at Customs, we suggest you take the 7am flight arriving in San Jose by 10.30am which will get you there before the afternoon rush. If you require an overnight stay in Calgary, please contact us and we will refer you to one of our hotel partners to get a 10% discount.

I will be leaving shortly to get our Portofino Resort capital upgrades finalized before the busy winter season starts. This year, we have planned to upgrade our 2 bedroom villa master bedrooms with a king sized bed and new bedding. Udo and David have already started by painting bedrooms, changing the light fixtures and shower faucets!

As per our AGM discussion, our goal is to evolve and grow into a more flexible and modern club that can compete with the ever changing vacation ownership products available today. This is why I'm so excited and looking forward to getting your

feedback.

Enjoy what's left of summer and keep your eye out for September's newsletter that will include the survey.

Andrea and Team

Yours truly,
